

1 & 3 Queensland Road

Communal Terrace Gardening

Newlon have given the green light for residents to use the communal terrace to **grow our own flowers, fruit & veg using the existing round planters**. They have also offered to fund basic tools, a storage bench and low-level raised bed with funding from their “communities initiative” pot (details available on request).

Plants, seedlings and growing matter would need to be purchased by residents, either through personal donations or through fundraising activities.

~ Plans for 2017: Resident Consultation ~

Before we make any further purchases or plans we would like to hear from you.

If you have any objections to the scheme, have any questions, or if you are interested in signing up as a volunteer to help with planning, fundraising, planting and harvesting (no experience necessary), please email the Residents Association by Friday, 10th February: queenslandroadresidents@gmail.com

~ Pick-Your-Own Herbs ~

Last autumn, over 100 flowering bulbs and 5 herb shrubs were planted by residents for all residents to use for their culinary, medicinal or cocktail purposes.

~ Rosemary, Oregano, Sage and Mint (& more to come soon hopefully) ~

Please help yourselves!
